

# MEMBERSHIP FOR ALL

Now the YMCA is more accessible than ever!

32 years old.

Accounting Clerk: \$23,000 yearly income.

Loves Yoga and coaching soccer at the YMCA.

7 years old.

Celebrated her birthday at the YMCA.

Plays soccer with mom at the YMCA.

35 years old.

Machinist: \$30,000 yearly income.

Swims laps everyday at the YMCA.

10 and 12 years old.

Swim on the Y swim team.

Went to overnight camp this year!

Household Income: \$53,000.

YMCA Family Membership Fee: based on income.

Your Peninsula Metropolitan YMCA uses an Income-based Rate Scale to determine your monthly membership fee. All households will vary.

**Peninsula Metropolitan YMCA**

**We build strong kids, strong families, strong communities.**

# Membership FOR ALL

## Here's an example of how Membership FOR ALL works:

Gary and Susan Johnson have a combined income of \$40,000 and they would like to have a family membership at the Peninsula Metropolitan YMCA. Based on 2007 rates, through Membership FOR ALL they will pay \$48, a savings of \$19 each month. Gary and Susan can now be a part of our YMCA family and can reap the benefits of belonging to all 12 locations of the Peninsula Metropolitan YMCA.

The last two words of the YMCA's mission are "for all." But we discovered recently that many families in our community are unable to participate at our current membership rates. We wanted to find a way to make the YMCA affordable to everyone in order to fulfill that aspect of our mission. The Peninsula Metropolitan YMCA is very happy to have found a way.

Now all individuals have an affordable place where they can exercise and play with a healthier lifestyle in mind. It's with this spirit that the YMCA introduces Membership FOR ALL.

**Membership FOR ALL is an income-based membership rate scale designed for household incomes below \$60,000.**

The Membership FOR ALL application is based solely on you or your family's household income.

- Just present a copy of your most recent tax return to the Welcome Center desk at your local YMCA.
- The information you provide will determine your income-based rate.
- Once you complete the simple membership application, you're on your way to becoming our newest member. Is your financial situation more complicated than that? If so, ask for a YMCA Guardian Program financial assistance application. The application considers your overall situation, including the number of dependents, monthly income and expenses. This program takes an extra step to ensure that we are able to make our programs and services accessible to all.

As a YMCA member you'll feel great knowing that you're involved in an organization that cares greatly for your health and well being, as well as that of the community, and is committed to building strong kids, strong families, and strong communities.

**Contact your local branch of the Peninsula Metropolitan YMCA today to begin your healthier lifestyle as a YMCA member.**
