Select, Tag and Price Yourself - Earn 60%

Register your items from February 1 – April 8

HOW TO TAG

FOLLOW THESE DIRECTIONS

MATERIALS

Access to a computer and printer (library is great alternative), Safety Pins, Hangers (some retail stores – i.e. Old Navy – will give you free hangers), Heavy White Card Stock Paper (Price tags must be printed on 60-67# WHITE card stock), Clear Plastic Baggies, Clear Packing Tape, Rubber Bands or Ribbon

GATHER AND ORGANIZE

Gather and organize the items you are selling. The more organized you are, the quicker Drop Off will be! (Clothing must be Spring or Summer season only!) Please put your items in order by GENDER and SIZE before you start.

PREPARE YOUR ITEMS

Wash, remove stains, iron, repair buttons, gather loose pieces of toys and do whatever is necessary to ensure that your items are in excellent condition.

HANGERS

All clothing must be clean, pressed and on hangers. Price accordingly. No spit up stains or holes and all snaps, buttons and zippers must work. We recommend kids hangers for clothing under size 4T. Clothing must be Spring or Summer season only!

The hook should be facing left if looking at it. The tag should be safety pinned to the top right shoulder of the garment as you face it. Safety pin clothing sets together on one hanger, with the pants or skirt pinned to the outside so both pieces can be viewed. Safety pin pants or skirts onto the top side of the hanger to keep them from sliding to one side; when you tip the hanger, they should not move. Pin matching accessories (hat, socks, headband, etc.) to shirt. Please button all buttons, snap all snaps and zip all zippers. If your clothes look neat and are ironed, they will sell better.

Hanger should look like a question mark when you are looking at the front of the garment.

ITEMS OTHER THAN CLOTHING:

Group small items together in a zip-lock bag. Pin the tag to the outside of the bag. Tape bag closed with clear packing tape to keep little hands out. Attach shoes to each other using pins, string or ribbon and attach your tag to the shoes. Tags can be pinned to item used to hold them together. We suggest that you place masking tape with your consignor number and the price on the bottom of each shoe in addition to the tag. This helps identify your item in case the tag is lost or the shoes are separated. We suggest that you place masking tape with your consignor number and price on each large item (toys, cribs, strollers, etc.) Books and movies should have the tag taped to the back of the item.

COMPUTER ENTRY

All items must be priced, tagged and sorted according to size and gender prior to delivery.

Consignors set their own prices. All items priced in whole dollar amounts (\$2, \$3, etc.).

Register as a Seller and select the Kids Consignment (see How To Register below).

Attach tag to clothing with safety pin to the upper right shoulder.

For toys, equipment, furniture, etc.; attach tag to the item or baggie with clear packing tape or safety pin. Do NOT place packing tape over barcode on tag.

Saturday from 12PM – 1PM unsold items will be marked down to half-price. You can choose to sell your unsold at our half-price sale while registering. If you do not wish to sell your unsold items during the half-price sale, you can select "Discount – No". The tag now defaults to "Discount – Yes".

CONSIGNOR PRICE GUIDELINES

These are estimated prices to give you an idea of how to go about pricing your own items. These prices are just to be used as a guideline; items may be worth more than suggested below. Higher end name brand items may sell for higher prices than listed. Please try and price all your items according to what you think you would pay at a consignment sale. People are coming to our sale to find great low prices and get bargains so please keep that in mind when pricing all your items if you want them to sell quickly.

High Demand Toys – these often can sell for 1/3 – 1/2 of their original retail prices. This is especially true of Little Tykes toys, playhouses, strollers, kitchens, furniture, ride-on toys, etc.

Name Brand Items- Higher end items and name brands can be sold for higher prices than listed above. Clothing brands such as Gymboree, Janie and Jack, Baby Gap, Nike, Boutique Brands, Juicy Couture, Baby Lulu etc., will sell the fastest and for a lot more than store bought brands like Circo, Wal-Mart, Sprockets etc.

We will be inspecting all items at dropped off. Items that are damaged, stained, or well worn will not be accepted. We want to make sure to make our sale a success by having gently used items at bargain prices. We will also not be accepting items that are tagged incorrectly – please follow our guidelines carefully.
